Introduction:

Bridge course is a means to provide learners additional support for their academic needs. It means to establish a bridge between the subjects learnt at Pre-University level and the subjects the learner will learn at the Graduation level. The aim of the bridge course is to induce core competency level in learners.

Objectives of Bridge Course Policy:

The bridge course aims to act as a buffer for the new entrants with an objective to provide adequate time for the transition to hardcore courses of degree programmes.

The main objective of the course is to bridge the gap between subjects studied at Pre-university level and subjects they would be studying as core subjects at graduation level. Bridge course is preparative course for college level with an academic curriculum that is offered to enhance the knowledge of the students by means of preparing for the intellectual challenges of specific subject and to know basic information about core subjects.

Design and Duration

The syllabus is designed as per the academic requirements. The syllabus framed is aimed at making the learners be known to foundational concepts of the subject. The duration of course is 40 hrs of interactive session. It is conducted once a week and printed study material for each Semester is provided.

Benefits of Bridge Course:

Student's benefit by receiving the support and guidance from faculties and also receive assistance with their academic studies.

Students will experience greater self-esteem and be motivated to succeed.

Students will improve their intrapersonal relationship among fellow students and interpersonal relationships with faculties.

Outcome of Bridge Course:

The outcome of the course will be measured on the basis of the students' performance in the Semester exams and feedback collected from the students.
